<u>Fundamentals/Intermediate Session:</u> **Ages 4-10.** The daily schedule for our youngest Future Raiders will be structured to ensure a low Camper-to-Coach ratio and to ensure that they are actively engaged and having fun learning the fundamentals of the game of baseball! Older players will be introduced to more in-depth instruction and will have the opportunity for instruction at all defensive positions. Daily schedule will be structured to maximize time and ensure that each camper is actively involved and having fun while being challenged through drill sessions, scrimmages, contests & games.

Advanced Session: Ages 11-14. This intense, 5-day camp will challenge players beyond their previous baseball experiences and is sure to help each player grow in all phases of the game including offensive and defensive fundamentals, situational hitting/approach, team defensive situations and base-running. Players will be videoed while hitting and receive one-on-one feedback regarding their swing as they watch their video with coaches. Camp will also feature our state-of-the-art Fungoman machine (www.fungoman.com), Blast Baseball swing analysis, plus more of today's best training tools and methods. Players will participate in intra-squad scrimmages receiving in-game instruction on all phases of the game. Players will be divided into two teams for the last two days of the camp and will play an "Orange/Blue" Series with the winning team receiving Camp Champion t-shirts.
